## Blood Alcohol {by GC} Results - - Units in % (g/100mL)

Approved by: JK

TESTED BY: JK  
TEST DATE: 08-20-12  
Blood Alcohol (Ethanol)= 0.16 %

Alcohol testing performed on gray top tube (containing preservative and anti-coagulant), unless otherwise specified.

Legal limit 0.08% for motor vehicle operation.

I certify, under penalty of perjury, under the laws of the state of California, that the attached blood alcohol analysis was performed during the regular course of my duties, and is a true and correct copy thereof. I further certify that I am an approved FORENSIC ALCOHOL ANALYST or SUPERVISOR by the state of California, that I am qualified to perform this analysis pursuant to Title 17 of the California Code of Regulations, and that the equipment used in arriving at the result was in proper working order at the time the analysis was performed and that the recording of the result was done at the time of the analysis. The lab accepted policy and procedures for Forensic Alcohol Analysis have been accepted by the State of CA and were followed during this analysis.
